**FANWAR LARP CAMP HEALTH SAFETY PROCEDURES FOR 2021-22 (as of August 5th)**

**Note: We will comply with the County Health Orders for whatever county we are currently operating in.**

LARP Camps Procedures

Due to the increased need for safety procedures during this pandemic, we must follow these guidelines below if we plan to attend any LARP camps this season. These guidelines are based on state and county laws and keep us all safe and able to enjoy this outdoor experience. If these guidelines are not being followed, it jeopardizes the entire camp, and we may lose our opportunity to attend the camps all together, or worse, may shut down the entire camp, so please take these measures very seriously.

**Protocols for attending camps during this Pandemic**

1. **Parents and Students Responsibilities:** the following items are needed for each student to have at the camp for their personal use. It is the responsibility of the parents and students to make sure these items are bought every day.
  - i. **Face Mask or Covering** (cloth or other breathable fabric, covers the nose and mouth but allows for safe breathing while active)
  - ii. **Drinking Water** (students will not have access to drinking fountains or other drinking water on site, so they must bring enough water for them to be comfortable all day long in changeable weather).
  - iii. **Soapy Spray Bottle** (this bottle should be filled with water and soap that is safe for your child to use on themselves. It can be used to spray on their hands or personal items they wish to clean when the bathroom is not available. If a spray bottle isn't available, a labeled water bottle filled with soapy water should work).
  - iv. **Hand towel!** (since students may need to wash dry their hands more often than usual, it will be helpful for them to have a decent sized towel that they can dry their hands on should they need extra washing between bathroom visits).
  - v. **Sunscreen or Hats as needed** (since it can be quite hot at times, and players will also be wearing masks and gloves, hats that keep off the sun and/or sunscreen that they can use are needed).
  - vi. **Backpack or Bag for all the above items:** Since students need more personal items than usual, providing something with their name on it that can contain all these items is a necessity.
  
2. **Student Responsibilities** (there are the pieces that need to be enforced with the students to be sure we are protecting each other and the use of our facilities)
  - a. **Face Masks/Covering Required:** All students at the camp must have a face mask on during all larp activities.
  - b. **Stay in the areas designated for larp only:** We have use of the space at our site for larp, but only the outside areas which we must take care of.
  - c. **Wash Hands before Leaving LARP:** Before leaving LARP to go home, each student will be sure to wash their hands, either with their personal supplies for this, or at the bathroom as usual.

**4. Changes to Game Rules and Procedures:**

We may adjust certain game rules if necessary to allow for more social distancing and health measures, but currently, the core rules set works for current health and safety procedures.

If you, or your child cannot or will not comply with these procedures they will be barred from the camp and future camps as well.
